Join us at the Hyatt Regency, Kaanapali, Lahaina, Hawaii

HYATT REGENCY MAUI RESORT & SPA, LAHAINA, HI

Set upon 40 oceanfront acres on Maui's Ka'anapali Beach, Hyatt Regency Maui Resort and Spa offers a true getaway in paradise. Experience Hawaiian hospitality with on-site resort activities including a traditional lu'au and stargazing. Stay loose on the links with access to oceanfront golf or retreat to the beachfront spa.

PRACTICAL TIPS FOR THE PRACTICING PATHOLOGIST: FOCUS ON GENITOURINARY, PULMONARY, GYNECOLOGIC AND HEMATOPATHOLOGY

Our World-Renown Faculty include::

Alejandro Gru, M.D., University of Virginia Medical Clinic

Brooke Howitt, M.D., Brigham and Women's Hospital

Cristina Magi-Galluzzi, M.D., Cleveland Clinic

Sanjay Mukhopadhyay, M.D., Cleveland Clinic

Rhonda Yantiss, M.D., Weill Cornell Medical College

Our Lecture Titles:

1. Must-know Morphologic Findings in Thoracic Pathology
2. Endometrial Stromal Neoplasms: Update on New Entities and a Practical approach to Diagnosis
3. Updates in Cutaneous Lymphomas According to the Recent WHO Classification
4. Challenging Diagnosis in Bladder Biopsy and TURP Specimens
5. Changes in Lung Cancer Terminology: 2010 Versus 2020
6. Uterine Smooth Muscle Tumors: A Practical Approach
7. Cutaneous Pseudolymphomas
8. Prostate Cancer Evolution: What the Pathologist Needs to Know
9. Interstitial Lung Disease Theory Versus Real Life (Sanjay Mukhopadhyay M.D.)
10. Mullerian Adenosarcoma: An Update in Diagnostic Approaches and Differential Diagnosis
11. Chronic Colitis: Would the Real IIBD Please Stand Up
12. Cutaneous Histiocytoses
13. Prostatic Adenocarcinoma: Morphologic Subtypes and Areas of Diagnosis Difficulty
14. Crash Course in Mediastinal Pathology (Sanjay Mukhopadhyay M.D.)
15. Whatever Happened to Appendiceal Adenomas and Pseudomyxoma Peritonei?
16. Renal Cell Carcinoma with Eosinophilic Cytoplasm: Old and New Entities
17. Staging Lung Cancer in Lobectomies: Are You Going it Right?
18. Endometrial Carcinoma: Integrating Histologic and Molecular Features
19. Concerning Colorectal Polyps
20. Testicular Tumors: An Update
21. Ischemic Enterocolitis is a Great Mimic of Just About Everything
22. Pediatric Melonocytic Tumors: The Good, the Not-So-Good and the Bad. Where Do You Trace the Line?
23. Undifferentiated Endometrial Carcinoma
24. Pediatric Melonocytic Tumors: The Good, the Not-So-Good and the Bad. Where Do You Trace the Line?
25. Colorectal Cancer Staging issues
